“ My Precious Gwen,

You were an angel on earth and now in heaven. Oh, how I wish I could hear you call my name, Kimberly Ellen, one more time in your distinctive sweet voice. I have fond memories of walking next door for your waffles with powdered sugar on Saturday mornings; they were so big and smelled so good! I loved to wash the dishes afterwards to show my appreciation for how you always opened your door to me. I can still vividly remember when you found my and Tracy's hair that we had cut in the plant behind the chair!! I remember how you soaked our feet when we walked that 20-mile walkathon for charity. I remember how much I loved running over to eat Spaghetti O's with my very best friend on TV trays while watching Bewitched (a memory that stays with me constantly.). You influenced me as a young girl, a woman, and a mother. I pray that you knew that. I do know that you know that I love you.

I have a love for you and your family that is like no other. I will always have a special bond for all of you. You gave me the best friend I have ever known and that I still stay in contact with after 53 years of friendship. My heart is overwhelmed by that blessing. It takes me back to my younger years when God moved me next door to you. He always has a plan and a purpose for our lives. He knew how he could use you and your family to bring joy to my life everlasting. I love you and I will never let go of this bond that God made.
