“ Even though we didn't know John for very long he made a great impression on us here in Arkansas. His "can do" attitude in the face of great health adversity served as an inspiration to us. He ran a good business providing a much needed aerial application operation in our area but we will remember him as "friend". Rest in peace John, we are better having known you.

“ John was a very nice and respectable person. I lived next to him and his dog "timber" for several years and truly enjoyed our conversations. He was just starting to fly when he moved. I'm happy to hear that he found a career in something he loved, flying. I had no idea he was sick. Such a tragic loss for someone so young. May the family find peace and comfort through this difficult time.
