“ I met Patty in the early 1990's in Blacksburg. I lived in the same apartment complex with her as one of several single 20-somethings she'd invite up for dinner and movies. I was working as a paramedic and always came home drained. She was so sweet and an incredible cook. Gave this once shy young man someone to talk to, even when it was just the two of us. I've missed her over the many years since I left for military service losing touch. I'm very sad to have finally found her only to learn she's gone. I've never forgotten her, doubt I ever will. I'll have a jack and coke for you Patty! Love you dear.

“ Dear Rodney and Randy and Families:
Your Mom and I grew up together and played together as little girls. Your great grandma Crawford made us doll clothes for our dollies. All of you have always been in the lives of my mama, daddy and me. You all have always been like family. Your mom was a really good person who loved her family and loved her pets. She had a good heart and would do anything to help others. She has so many friends who have been in her life for so many years. She loved her two boys and grandsons so much. I am so sorry for your loss and that she went through such hard health issues. If I can help you boys in anyway please don't hesitate to call on me.
Love To Everyone,
