“ *I am so sorry for your loss. Lang was a very special, caring person all the time I knew him. A mutual friend introduced us when I was in the 10th grade. We went to the jr-sr prom in his senior year. I felt like queen for a day, he was so sweet. He worked for Dr. Pepper then and in the summer we would go to ballpark etc where he would work in concession stand and my sister and I would watch baseball game. He was always so sweet to me, my lil sis and brothers. I have nothing but fond memories of my association with him. He was a true gentleman and friend and I am so glad to have had him in my life. My love and prayers to all the family*

“ *Langley was always "Larger than Life"- a real mountain man! I will always remember my first visit to your home: the outhouse, catching sun fish and the great hospitality. My condolences to all the family and friends for your loss.*

“ Janie, Kristopher, Zachary & Rebekah: my heart aches for you, knowing the tremendous loss you have suffered. I will always remember Langley as the kindhearted loving person that he was..... always a friend to everyone, & never turning his back on anyone who needed anything. I've known all of you for over 30 years and can honestly say that I don't think I could ever ask for, or have, better friends than what I've had with you both. Langley was like a second father to both of my kids. Heaven DOES have a shining new angel in Langley. We are all better people for knowing him & having him be a small part of our lives. His kindness & gentleness will never be forgotten. Keeping you all in my thoughts & prayers.

“ *Langley was always just 9 years older than me and no matter what I did growing up, he was always my older brother. He looked out for me, sometimes keeping me out of trouble, sometimes watching me get myself into it. His friends all called me "Little Langley" up until the time he went into the navy. If Langley did it, I was doing my best to do it, too. We played football and baseball in the side yard and wandered all over the woods and train tracks by Roanoke River. Langley went out for track one year and built a pole vault and high jump out of stout limbs and branches in the yard and we'd land in a big old bush, not minding the scratches one bit. That same year was when he broke his leg in two places playing football. He broke it again playing baseball the next year. Langley was as athletic as any of the Peters have ever been, but hunting and fishing were more his style and he was the best at it. He outfished and outhunted everyone I knew. He loved to laugh and he could take a joke as well as dish one out...except, as big as he was, it made you think twice about what you were dishing. Langley was my big brother. There's not a person on the planet who could have been a better one. I don't know when I stopped trying to be like my big brother, because I'd be a lot closer to what life is all about if I hadn't. Thank you Langley, for choosing me as your pain in the neck little brother and for loving me the way you have.*

“ *Langley was a class guy! He lived down the street when we were growing up. Many of the kids loved to play football, croquet, and other sports, in his huge side yard. Our thoughts and prayers go out to all the family.*
